

PHILIPPINE AGRIBUSINESS LANDS INVESTMENTS CENTER BRIEFER

The Philippine Agribusiness Lands Investments Center (PhilAgriBizLands Center) is the brainchild of Agriculture Secretary ARTHUR C. YAP with the expressed mandate of consolidating basic information about available new agribusiness lands throughout the Philippines and the attendant agribusiness opportunities.

Located at the ground floor of the Department of Agriculture Office of the Secretary Building along Elliptical Road in Diliman, Quezon City, the PhilAgribiz Center offers the following services to anyone seeking to explore the potentials of agribusiness in the Philippines' new lands.

SERVICES:

Agribusiness Lands Digital Library	Agribusiness Lands Investment Conferences
Agribusiness Lands Investment Maps/Atlas	Agribusiness Lands Call Center
Directory/Databank of Accredited Agribusiness Lands Partners	Investment Intermediation
Agribusiness Lands Investment Project Profiles	Investment Facilitation
Biofuel Feedstock Techno Library	Agribusiness Lands Advisory & Consultancy
	Contact Office Services

To effectively provide the aforementioned services, the PhilAgriBizLands Center works closely with the Bureau of Soils and Water Management, Bureau of Agricultural Research, Department of Environment and Natural Resources, National Commission on Indigenous People, University of the Philippines at Los Baños, National Agricultural & Fishery Council, Philippine Chamber of Commerce and Industry, Foreign Chambers of Commerce, Department of Trade and Industry, Securities and Exchange Commission, Bureau of Internal Revenue, Department of Agriculture-Field Operation Services, and Regional Field Units.

Presently, the PhilAgriBizLands Center manages the DA Biofuel Feedstock Development Program which encompasses coordination with the Department of Energy for identification of market prospects, identification and promotion of agribusiness lands for biofuel feedstock to the investor community, establishment of feedstock nurseries, linkage to technology providers and to financing facilities, coordination with the Department of Science and Technology for research and development on alternative biofuel feedstock, and coordination with other National Biofuels Board members in the implementation of the National Biofuels Program.

PhilAgribiz Center also extends general forms of assistance to biofuels investors for their projects' basic requirements, namely:

- Identification of possible plantation areas, which include:
 - assistance and provision of general support in the identification and evaluation of suitable agricultural lands
 - endorsement of the project to interested and qualified landowners
 - provision of complete data and information necessary in the implementation of the project
- Consolidation, packaging, and contract negotiation with land owners
- Facilitation of endorsements, accreditations, licenses, and permits from concerned government agencies

PhilAgriBizLands Center is being managed by the Philippine Agricultural Development and Commercial Corporation (PADCC), the agribusiness development arm of the Department of Agriculture.
